WASHINGTON, D.C. 20505

National Intelligence Council

SP - 143/82

MEMORANDUM FOR: Administrative Officer, NIC
FROM: National Intelligence Officer for Strategic Programs
SUBJECT: VIP Parking Permits

1. The seven 'All Day' VIP parking permits assigned to NFIB representatives working on interagency projects under NIO/SP auspices will expire on 1 October (see attached). I request that these permits be renewed for one year for these representatives (DIA, State/INR, NSA, and the four military service intelligence organizations).

2. Attached is the NIO/SP interagency production program for the remainder of this year; additional projects will be added in the first quarter of 1983 for completion in CY-1983. Each of the projects on the attached list, particularly the first three, will require that representatives spend long periods of time at CIA Headquarters. Often, they will have to transport a number of copies of drafts, as well as their own working materials, back to their respective agencies. It would be impractical to have these individuals assigned parking in the "hinterlands," such as West Lot, in view of their anticipated workload. Because of the situation facing these representatives for the coming months, a one-year renewal of their VIP parking permits appears reasonable.
